CEO of SCB, Africa visits Paediatrics Department

Mr Sherazam Mazari, the Chief Executive Officer, Standard Chartered Bank Africa, visited the SCB sponsored Paediatrics Ward during his two-day tour of duty in The Gambia.

He was accompanied by senior officials of the bank and was taken to a tour of the facility by the CMD, Dr Pamela Esangbedo.

Mr Mazari said the SCB sponsored Paediatrics Ward is the most valuable contribution that the bank can make in changing the lives of mothers and young children. He reassured the CMD that the bank would continue to invest in similar projects that would make a difference in the lives of the people and reaffirmed SCB's support to the government.
